MANY THANKS TO OUR PARTNERS

The following agencies and organizations provided volunteers and person-hours to the 2017 Trail User Survey:

- Five Rivers MetroParks
- Greene County Parks & Trails
- Miami County Park District
- Centerville-Washington Park District
- Darke County Park District
- Clark County Park District
- Miami Conservancy District
- Simon Kenton Pathfinders
- City of Piqua

Questions 1 & 2

Home County vs. Survey County

	Champ. County	Clark County	Darke County	Greene County	Miami County	Mont. County	Warren County	Other/Blank	Grand Total
■ Outside the US				1					1
■ Outside Ohio	2	3	2	34	2	7	2	3	55
■ Other Ohio County	9	2		81	6	24	13	5	140
■ Warren County, OH				11	1	7	57	1	77
■ Montgomery County, OH		2		101	7	312	7		429
■ Miami County, OH			2	2	68	6			78
■ Greene County, OH		4		201	1	19			225
■ Darke County, OH	2	2	50		1	1			56
■ Clark County, OH	22	32		16		4			74
■ Champaign County, OH	31	1		3					35

Survey Counties are listed across the X-axis.

Question 4

Trail Access Mode				Question 4	
By Survey Location					
County	Automobile	Bike	Transit bus	Walk	Grand Total

Maintenance Comments

Champaign County	Excellent maintenance
Champaign County	Thanks to everyone who maintains the trail!
Champaign County	Urbana looks like a vacant parking lot.
Champaign County	Volunteers....great job
Champaign County	Volunteers....great job
Clark County	Blow debris off trail more often.
Clark County	Bushes need trimmed, road repairs in Springfield, trail-head barrier bases should be removed (safety hazard).
Clark County	except for wet leaves
Clark County	It can be dangerous to bike this time of year with lots of debris (especially walnuts). I appreciate when uneven asphalt is marked with spray paint.
Clark County	Large obstructions cleared quickly. Overgrowth can get bad on certain portions - particularly a problem with some road visibility.
Clark County	Late in growing season - sight distance at intersections
Clark County	Please pass along my appreciation to those who do the work of keeping the trails clean & safe for us. It makes a great first impression for our region on visitors passing through
Clark County	Simon Kenton outside Springfield is Poor
Clark County	Some area good while other are dangerous
Clark County	sometimes there are quite a few obstacles (twigs, nuts, etc.).

Clark County	There are a few places that have root problems.
Clark County	Too many acorns, twigs, leaves. You could easily wreck your bike or if walking turn your ankle.
Darke County	Excellent. The trails we mostly use are pretty new, well constructed. Someone is keeping them nicely mowed and clean.
Darke County	Needs Bench's
Darke County	There was a tree down on the Gettysburg trail a week ago
Franklin County	Waiting for more pavement to Bellefontaine. Will help donate when I can
Greene County	Trail needs regular sweeping, especially in the fall. Leaves can be dangerous. Two flats this weekend hitting walnuts on trail.
Greene County	After storms the debris needs to be cleared more quickly
Greene County	Bathroom not clean
Greene County	Beautifully maintained
Greene County	Blow leaves/sticks off more often
Greene County	Every time it is replaced the mile markers move
Greene County	Except in winter
Greene County	Fixing cracks and potholes should be the priority.
Greene County	Generally well maintained
Greene County	Grass mowed too often and not always blown off trail
Greene County	Greene County does an excellent job of maintaining their trails.
Greene County	Greene County good, Clark County bad
Greene County	Greene County spends too much time and money cutting grass. Other maintenance items such as line of sight clearing and leaf blowing are more important for safety of the people who roll on the trail . . . bicycle and rollerbladers
Greene County	Hire Mr. Deen Reed on Stelton Rd.
Greene County	I also use the Miami valley bike path out of Taylorsville dam area. They seem to do a fair bit of leaf blowing with a commercial pull behind unit. Nice in the fall for biking.
Greene County	I wish they were blown clear more often in the late summer and fall. Walnuts, leaves and branches are hazardous for cyclists
Greene County	in Xenia
Greene County	It would greatly help if trail closures could be better communicated!
Greene County	Its always clean and well maintained
Greene County	kiosks/ boards need to be cleaned up, current maps shown..
Greene County	Lately there's been cracks in the track, east of Fairfield Rd...
Greene County	More frequent use of the blower after storms and in the fall
Greene County	Need to cut out roots to prevent uplift.
Greene County	Raised pavement caused by tree roots are an issue
Greene County	see comments at end of survey
Greene County	Some better than others
Greene County	Thank you
Greene County	The mile markers need to be painted more frequently, particularly in Greene County.
Greene County	The raised section of pavement due to roots should be repaired asap. This is just common since thing to do to ensure the safety of every man, woman, child. Painting them white is not the fix just lets everyone know how long it's taking to fix the problem.
Greene County	they do a great job
Greene County	Though the Xenia-Jamestown section is frequently covered with debris
Greene County	Time to seal coat. I pick up trash daily when I use the trail so it's very clean in YS
Greene County	would prefer if debris was swept up more frequently
Hamilton	State could do better on their section
Miami County	Better maintenance on areas in Miami County Park district than in City of Piqua
Miami County	Fix Miami River Bridge between 202 and Dye Mill. Boards need to be horizontal.
Miami County	In the winter it does slack off a little.
Miami County	It is the best maintained trail.
Miami County	Large cracks in trail from Roadside to Riverside need repaired
Miami County	Lots of litter and pollution in the adjacent river. Have observed river flooding depositing litter on and along the path.
Miami County	Needs more constant maintenance. Starting to look worn out.
Miami County	Only a few sections need to be smoothed out or replaced. Old asphalt has some unevenous.
Miami County	Piqua to Peterson road needs solve to water and mud problems. Blow debris off more often everywhere on path, especially near Piqua.
Miami County	Plow them in the winter
Miami County	Some parts need the path fixed
Miami County	Some signage is missing or incorrect or misleading. More restroom facilities should be available. Some Porto-potties are unserved.
Miami County	The City of Piqua does a great job, and we at Bike Piqua are involved with helping them
Miami County	The mowing is well done and the mowers are very courteous. They always stop the mower to let me pass.
Miami County	The older trails in Piqua are very rough in spots from tree roots
Miami County	The wood railing needs replaced in the Piqua area
Miami County	There are lots of places where trail needs the bumps need to be repaired. These bumps are primarily caused by tree roots. Piqua area is bad.
Miami County	There are parts of the bike path in Piqua in need of repair, especially the areas along the hydraulic canal where there has been some settling of and the pavement is uneven, cracked, and created a tripping hazard.
Miami County	There are place where the pavement has buckled. I took a bad fall once tripping over raised pavement.
Miami County	There are some areas with cracking/uneven associated with tree roots. In the piqua loop there are missing fence posts and mile markers.
Miami County	TREE ROOTS ARE CAUSING DANGEROUS BULGES & CRUMBLING CRACKS IN MANY PARTS OF THE TRAIL IN PIQUA; CITY OFFICIALS ARE DOING NOTHING ABOUT THE PROBLEM THAT KEEPS GETTING WORSE & MORE DANGEROUS!

Miami County	We get debris on the trails from the trees but they do a good job cleaning it up.
Montgomery County	Best maintenance is on Greene County sections of trail
Montgomery County	Better than 7 years ago !
Montgomery County	bike path by Riverscape has been shut down way too long - becomes a safety issue if you have to ride down Finley to hop on path with huge semi trailers passing
Montgomery County	Can be frustrating when the bike path is closed downtown because of construction or flooding Also after the flooding the paths are still full of debris
Montgomery County	Cleaning after flooding is inconsistent
Montgomery County	Could be better in some areas
Montgomery County	Depends, overall Dayton is crappy - dirty by Riverscape even well after the floods.
Montgomery County	Employees are courteous
Montgomery County	Englewood horse trails do not really need much maintenance. We do not need manicured roads, a real trail like the hiking trails would be nice.
Montgomery County	Flood debris could be cleaned a little quicker
Montgomery County	Get rid of bumps by filling in cracks.
Montgomery County	Good but closed in lots of places.
Montgomery County	Good job keeping in good shape for safe riding. Repaving widening and sealing to keep trail in good shape
Montgomery County	Goose poop is an issue
Montgomery County	It looks worn down. Also not a lot of color
Montgomery County	Keep up the great work. Do not fix something that is not broken.
Montgomery County	live downtown, west side not cleared as often as east side river
Montgomery County	Lots of goose poop, but generally smooth and clear
Montgomery County	Mud at RiverScape not good
Montgomery County	Must upgrade trails
Montgomery County	Next paving widen the trail.
Montgomery County	No
Montgomery County	None
Montgomery County	Occasional cracks and general wear is usually taken care of quickly!
Montgomery County	Plow bike trails in winter please
Montgomery County	Poor - Springfield Urbeme
Montgomery County	Raised cracks are a pain when you are on a bike
Montgomery County	Really need an immediate response and clean once the trail by the rivers get flooded. One time I fell off my bike due to mud and my husband got a flat (debris) after a flood and not cleaned trailway.
Montgomery County	Riverside to Beavercreek needs some maintenance
Montgomery County	Slacks off as the weather worsens(accept Miami County)
Montgomery County	Some parts are loaded with Canadian geese feces. Any way to control it?
Montgomery County	Some section could need repaved
Montgomery County	Steps need replaced on the orange loop at Germantown Metropark near Conservancy Rd parking lot
Montgomery County	The goose poop situation used to be much worse. The trails are kept really clean, especially after storms!
Montgomery County	There are places, away from towns, that should be blown off in the Spring & Fall
Montgomery County	Too much construction on major parts of the trail
Montgomery County	Trail needs better marking
Montgomery County	Tree root bumps are problem in a few areas
Montgomery County	What going on by Riverscape? The trail has been closed.
online at home in KY. 42715	Sidewalks designated as trails are often rough and have branches from adjacent private property hanging over sidewalk.
Warren County	Blacktop, sealing, tree down
Warren County	Blacktop, sealing, tree down
Warren County	Connect Franklin to Middletown
Warren County	Edges need repairs for safe riding to the right
Warren County	Fix RR tracks in Franklin
Warren County	Good
Warren County	No
Warren County	No problems
Warren County	No problems
Warren County	Simon Kenton trail needs repair
Warren County	Trash at fountain overflow
Warren County	tree roots causing bumps in the trail seems to be the biggest issue ongoing

Safety & Security Comments

Champaign County	If there is some way to make it safer to cross Miami Street & St Rt 68, that would be wonderful.
Champaign County	State Route crossings are dangerous!
Champaign County	The areas that are more secluded are fairly open and not over grown
Clark County	Blind spot and road crossing offer concerns
Clark County	It just depends who is on the trail. I have never seen any kind of security presence on the trail.
Clark County	South of Beatty Station & North of Springfield
Clark County	The people we met on the trail were very friendly
Darke County	Nobody can guarantee safety and security over such a wide area, but so far, we haven't observed any problems.
Darke County	some of the routes are on roads with a lot of traffic
Darke County	trails for bikes only are great, but the "share the road" trails have dangerous hills and curves that are not as safe for families with young children
Greene County	Call boxes would be a nice touch.
Greene County	Call boxes would be a nice touch.
Greene County	Except in winter
Greene County	Friendly residents
Greene County	Have seen rangers on trail
Greene County	Have to be concerned with safety just as with anywhere else.
Greene County	I always feel safe even as evening approaches
Greene County	I feel safe at all times on the trails

Greene County	I have never had any problems. I am a CCW permit holder and occasionally carry but have not had any incidents.
Greene County	I haven't had any questionable or unsafe situations on the path
Greene County	I like that I see Beaver Creek police on the trail and in the parking lots frequently makes me feel as though they keep a good eye on the trail
Greene County	It's nice to see park rangers and sentinels on the trails
Greene County	Safety and security are different things.
Greene County	Some potholes in Yellow Springs
Greene County	Sometimes sharing the path with bikers can be dangerous...
Greene County	There are a lot of blind spots on some of the intersections due to high vegetation/trees close to the roadways
Greene County	There's not much patrol, so it's the 'goodness' of people that keep the trail safe.
Greene County	Trails are very safe.
Greene County	Very safe, never had an unsafe experience in over 9 years on area trails
Greene County	We have never seen a ranger or police on the trail
Greene County	Would be nice to have a small parking area near each trail access point that is outside of town.
Greene County	Xenia McDonald's on Main Street is a little scary with shady people.
Hamilton	State could improve trail condition
Miami County	Fencing needs attention
Miami County	I have never
Miami County	I would feel more comfortable riding parts of the trail if the brush was kept back farther from the trail. When I am riding alone, safety is especially on my mind.
Miami County	I'd like to see Police on bikes occasionally
Miami County	Need to educated runners and walkers to not turn to the left when they are turning around. Bikers pass on the left and if the runner is not paying attention (which happens frequently) and turns left when turning around, there is a potential accident between the biker and the runner. Walkers and runners need to turn to the right, off the trail, then turn around.
Miami County	Not sure what else you could do.
Miami County	Observed juveniles destroying railings and throwing them into the river.
Miami County	Poor lighting around Troy Levy
Miami County	Some areas are dangerous for lack of railings in case of losing control of bike.
Miami County	TREE ROOTS ARE CAUSING DANGEROUS BULGES & CRUMBLING CRACKS IN MANY PARTS OF THE TRAIL IN PIQUA; CITY OFFICIALS ARE DOING NOTHING ABOUT THE PROBLEM THAT KEEPS GETTING WORSE & MORE DANGEROUS!
Miami County	You should still carry pepper spray.
Montgomery County	I have never felt threatened while on the trails
Montgomery County	All of the trails are great, some look dark & scary @ night but I still love them.
Montgomery County	Break ins in parking lot
Montgomery County	Call stations for emergencies would be a good idea
Montgomery County	Can be concerning when trail traffic is low and opportunity exists for those with ill intent.
Montgomery County	couple of homeless
Montgomery County	Excellent
Montgomery County	I almost always feel safe on the trail.
Montgomery County	I feel safe and secure on the trails. However, more bikers need to let other bikers and walkers/runners know they are about ready to pass them. Communication is a must "passing on the left"
Montgomery County	I spend a lot of time on the trails in the evenings. As a young-ish single woman, I have never felt unsafe.
Montgomery County	I'm a middle-aged guy and don't tend to get messed with, so my security concerns may be unrealistic but I feel very safe on the path
Montgomery County	Lots of isolated areas along the river
Montgomery County	Many many dog owners do NOT use leashes, that is a problem!
Montgomery County	More lights would be nice
Montgomery County	None
Montgomery County	Normally enough people to prevent trouble
Montgomery County	Periodic monitoring would be good
Montgomery County	Ranger presence is important. It's comforting to see them around
Montgomery County	So far. The trail runs by Section 8 housing (Chimneys). I never feel completely safe. No incidents as of yet.
Montgomery County	Some areas (parking lot next to trail on Shoup Mill Rd) not safe. Cars broken into
Montgomery County	Some areas are depressed and running through can make you look over your shoulder. Would be nice to see Rangers or safety things in those spots, but overall good.
Montgomery County	Some isolated areas, as a woman I feel the need to be cautious
Montgomery County	Video surveillance
Montgomery County	Would like more lights
Warren County	Homeless people in wooded areas
Warren County	Leery of new area
Warren County	Never attacked
Warren County	Never attacked
Warren County	No
Warren County	No
Warren County	No call boxes, vegetation, remote
Warren County	No call boxes, vegetation, remote
Warren County	No emergency call stations
Warren County	No prob
Warren County	No prob

Cleanliness Comments

Champaign County	overall well kept
Clark County	Again, blow debris off bike path more often.
Clark County	except for twigs and leaves
Clark County	Looks good
Clark County	lots of debris like twigs, leaves, and walnuts
Clark County	Trail is in good shape but needs to be blown off more frequently especially in the fall.
Darke County	Didn't see any litter at all!!
Greene County	already stated
Greene County	Always nice and neat...
Greene County	Except as noted earlier
Greene County	I have realized there are a lot more people on trails than before=more trash.
Greene County	In the springtime all the winter 'litter' decomposes
Greene County	It is good that the Five Rivers Metroparks clean up the parks each Spring.
Greene County	It's better than "good" but maybe ask business that are near the trail to keep their trash from blowing onto the trail (especially in winter) and getting caught in the hedges (e.g. near Orchard Road). I pick it up from the bushes etc and it is mostly commercial trash not trail user discards.
Greene County	Leaves/Sticks (particularly sticks) on trail are a hazard
Greene County	little or no litter
Greene County	Lots of trash between Evans Spur and Xenia.

Greene County	Not all agencies maintain the trail in the same way. Having brush and trees cut back from the edge seems to be the best way to keep debris off the trail. I don't see much litter.
Greene County	nuts and pine cones represent a minor risk, but mostly other folk behave well
Greene County	See above
Greene County	see comments at end of survey
Greene County	See my answer above in maintenance
Greene County	Sometimes dog poop on trail.
Greene County	There was an area that was really trashy for a long time. Just East of Alpha. I called to tell the parks of the issue and it was cleaned up quickly.
Greene County	Trails are nicely groomed!
Greene County	Very clean
Greene County	Very little litter, but frequently lots of clutter (leaves, twigs, etc.)
Greene County	Walnuts are the biggest problem.
Greene County	Would like more trash cans
Greene County	Xenia is trashy from Church St. to Xenia Station
Miami County	City of Piqua can do a better job of cleaning... Broken glass uneven pavement more in City than rural area.
Miami County	Clean up quickly after a rain event.
Miami County	Generally excellent trail maintenance. Extremely nice trails in many areas.
Miami County	Hard due to rains, floods, etc.
Miami County	It's not cleaned frequently enough. Wet leaves, branches or any debris on the trail are a safety hazard for bikers. The time between a storm event and the cleaning needs to be shorter.
Miami County	Lots of litter
Miami County	POWW's annual cleanup helps alot but it could be better cleaned, more trash cans might help
Miami County	SNOW, STICKS, LEAVES, AND TREE LIMBS THAT ARE DOWNED BY WIND ARE RARELY CLEANED UP BY THE CITY OF PIQUA!
Miami County	Some of the brush needs cut back off the trail.
Miami County	There are commercial areas where trash should be picked up
Montgomery County	Again, goose poop.
Montgomery County	Again, keep up the great work.
Montgomery County	Could be cleaned a little more fall/spring.
Montgomery County	cut the black walnut trees, those bulbs with the seed is difficult to miss.
Montgomery County	Goose poop again
Montgomery County	I have always felt like the trails are very well kept!
Montgomery County	Leaves and sticks could be cleaned more often.
Montgomery County	None
Montgomery County	Not sure who picks up the dead carcasses????
Montgomery County	same as above
Montgomery County	See comment above
Montgomery County	See previous comment
Montgomery County	Try to clean trail after it rains. Tons of stuff (branches, apples, etc.) become a problem for riders.
Montgomery County	When trees and/or branches fall on trail they are typically dealt with quickly
Montgomery County	Wish there was better way to clean debris
Warren County	6th Street by the rail road tracks could be cleaner
Warren County	Better than corwin
Warren County	Definitely
Warren County	Definitely
Warren County	fair/good
Warren County	goose poop on levee top
Warren County	Montgomery County needs better mowing east out if downtown dayton
Warren County	More regular cleaning of areas regularly used by geese. More trash barrels. I would pick up bottles, etc. while dog walking if I didn't have to carry it several miles.
Warren County	No
Warren County	Ppl should pick up after themselves
Warren County	Recycle bins at crains run needed
Warren County	Recycle bins at crains run needed
Warren County	Very clean

Question 19

Trail users who indicated an overnight stay were asked to provide the name of the lodging at which they stayed.

Final Comments

Survey Respondents were offered an opportunity to provide any additional comments. Responses are sorted by **Survey Location**.

Where are you taking the survey today?	Please provide any additional comments.
Champaign County	Bike Trails bring people and money into the area. We meet people from all over the country who come here to ride our bike trails.
Champaign County	Enjoy the Trails!
Champaign County	Finish Jamestown Connector. Pave Trail to Bellefontaine.
Champaign County	Get the Jamestown Connector paved, and pave the trail to Bellefontaine.
Champaign County	Hickory Grove Road
Champaign County	I love the bike trails but safety is my big issue now. I see young teens with baggy pants all the time and it isn't for exercising cause they can hardly walk in their pants I don't care who uses the trails but as a woman it takes my enjoyment away to worry what others are up to
Champaign County	Love the Trail! Keep up the good work!
Champaign County	Love, Love, Love this trail! :-) Cyclist need to announce their passing! Thank you.
Champaign County	More wayfinding signs. Funding for maintenance
Champaign County	More wayfinding signs. Funding for maintenance
Champaign County	Need better crossings on Main Routes at Rt 36 and Rt 68
Champaign County	Path is hard to cross at Intersection of U.S. 68
Champaign County	The bike is a beneficial to the community in terms health and economy.
Champaign County	We are so very fortunate to have this in our community! So very appreciative of the work & efforts!
Champaign County	We love the Bike Trail!
Champaign County	We love the trails... so glad to have them.
Clark County	Clear distance marking throughout.
Clark County	Enjoy the trail. Voted for ballot issue for it. Wish I were more confident on the trail in-town Spfld. It's new and nice - thanks
Clark County	Great trail to ride - bring friends next time
Clark County	I am happy with the trails
Clark County	I love riding my bicycle.
Clark County	I love the Miami Valley Trails. It is one of the reasons we live in Springfield. I'm looking forward to retirement so I can utilize them more.
Clark County	It would be nice to have accurate mile markers on the trail and a basic changing room at popular access points.
Clark County	It's great to have such wonderful trails in this area!
Clark County	Love Beatty Station, keep up the good work!
Clark County	More bathroom facilities
Clark County	More parking at Beatty station would be nice :)
Clark County	My compliments to Clark TCC, Park District and others on the trail system.
Clark County	My quality of life and rehab from heart injury depends on the trail (and happiness/meditation). Also, because the trail helps me maintain fitness and conditioning, I am more productive at work, am able to earn more and pay more taxes and up contribution to social projects and care for my family better.
Clark County	Only suggestion would be to have that truck with fan blow off bike path more
Clark County	Our area is fortunate to have the rails to trails system - best in the country!
Clark County	Shelter for picnic table & to get out of the rain. Trail signage was a great help (Urbana & Yellow Springs). A camping area would be nice with a porto potty.
Clark County	Trail condition on Simon Kenton, north of soccer field is in need of maintenance.
Clark County	Trails are a true blessing to this area.
Clark County	Update mile markers. Add sign for when you enter Green county going South. There is a sign for Clark County going North.
Clark County	We live within 2 blocks of the trail and consider it to be a local treasure! We get huge health, exercise and recreation benefits from it and it also adds to the value of our property. Thank you for your efforts on behalf of this incredible trail system! Love it!
Clark County	What happen to trail going north after Urbana
Clark County	Would love there to be more visibility of the trail to vehicles travelling on Springfield Xenia Rd (just south of Beatty Station). Otherwise, all is great and the trail is a huge benefit to the community.
Clark County	Would love to see drinking water available at Beatty Station. I've recently started running north into Springfield from there, where my previous habit was to run south to Yellow Springs, refill my water bottle(s), and back to Beatty. Thanks!
Clark County	zephyr adventures
Darke County	Asset to community
Darke County	Great to see development of more trails in Darke County. This needs to keep going.
Darke County	I look forward to continuing walking on the trail farther distances.
Darke County	I love the trails and am looking forward to more of them connecting up! They are much more pleasant to ride, and safer than roads as well. Thanks so much for creating and maintaining them!!
Darke County	It would be great to connect the trail from Willis Rd to Hartzell road
Darke County	It would be great to go east into Miami County from Bradford
Darke County	It would be nice if less of the trails were "share the road" especially around Greenville, OH. Even though we live in Greenville we often travel to Troy or other areas to bike because they have continuous trails without riding much on the streets.
Darke County	Love riding the bike paths
Darke County	LOVE the trail - keep expanding them please.
Darke County	Love the trail!
Darke County	Love the trails. I have been walking through the neighborhood, so glad you put the trail in! It is wonderful for my handicap brother who lives with me! Thank you!!
Darke County	My 4 year old grandson is often with me when riding through the week.

Darke County	Need to link paved portions of the trail with gravel or paved connectors to get rid of on riding on the road.
Darke County	None
Darke County	None
Darke County	The paved path ways of the Darke County trails need to be linked by paved or graveled trail. This is between Gettysburg and Spiedel Road and the section between Hartzell and Willis Road. The path is great but the lack of continuity is very disruptive and not conducive to use by families with smaller children. This is the major problem with the Darke County trails!
Darke County	The trails are a great use of under-utilized land, and provide perfect opportunities for public recreation, exercise and healthy living. Please continue to add trails and connect them across the counties.
Darke County	There are spots between trails where we have to use public streets, which is not as safe for our younger kids. We would like to see paved trail connections established between the access at Lake Avenue and 571 all the way to Gettysburg as well as completing the path from 571 and Lake through Greenville.
Darke County	water fountains, rest area, lights,
Darke County	Wonderful - Beautiful. I will suggest it to others!
Darke County	Would love to have lights along the trail in the park area.
Greene County	5500+ miles a year. Great facility.
Greene County	A tunnel beneath the railroad at Batelle Darby Creek Park and switchbacks up to the trail.
Greene County	Always a pleasure to ride. Thank you.
Greene County	Appreciate the work you do for Greene County trails, has made me become a healthier person.
Greene County	As a cyclist, I really don't like the bumps. They're not just inconvenient; they're hazardous. Please ensure groundskeepers blow clippings off the trail. The sharp edges on the clutter causes punctures. Thanks for asking!
Greene County	At the end of September, quit cutting grass and spend the time blowing walnuts and leaves off the trails. Mowing just blows leaves on the trail. The grass does not need to be cut.
Greene County	Beautiful!
Greene County	Beavercreek Station to Xenia - gorgeous. Xenia to Yellow Springs - gorgeous. Corwin to Xenia - gorgeous. Beavercreek Station towards Dayton where it's maintained by 5 Rivers is not well maintained or clean. Feels very unsafe. Turned around after 2 - 3 miles to head back towards Beavercreek. Wanted to start riding from Beavercreek to Dayton Breweries on weeknights but it didn't feel like it'd be safe for night riding solely based on its appearance from lack of maintenance.
Greene County	Been riding this trail for 30+ years
Greene County	Best cycling trail system in the country !
Greene County	Best trails I've been on.
Greene County	Bike store with suiveneer shirts, etc. And more hotels in Xenia.
Greene County	Bike trails beautiful everywhere except Xenia until you get rid of pit bulls, homeless, trash by McDonald's, panhandlers. I do love the trails just wish our city was better example to our visitors.
Greene County	Clean bathrooms Clear path in winter
Greene County	Clifton Rd area needs to be maintained as sight line can make for some treacherous crossings as you go north from Xenia. That was done recently and really appreciate it!
Greene County	Concern with chemicals, fertilizers from farms. Smell was concerning today.
Greene County	Connecting the trail from YS to Fairborn trail and to John Bryan SP and Young's is important. These trails connections (not on road) need to be built.
Greene County	Cut down limbs overhanging trail that has walnuts
Greene County	Develop route through Xenia town to ride on horseback. Have more areas to park trucks and horse trailers.
Greene County	Disappointed you can't get through Xenia on horseback and parking is hard to find at many points with truck and horse trailer.
Greene County	Excellent trails! Thank you!
Greene County	Excellent Love it Every Day! Best thing about this!
Greene County	Friends out of state are envious of our trails.
Greene County	From Japan. Thinks trails are good. Here on business trip.
Greene County	Good Trails Use Carriage Hill, Wegerzyn typically. Good stuff !!
Greene County	Great family trail, flexibility for bikers and hiker/runners.
Greene County	Great job - the vision for the trail ! A few bumps but overall excellent maintenance. Thank you !
Greene County	Great job on trails.
Greene County	Great part of our county.
Greene County	Great recreation. Thank you!
Greene County	Great trail system
Greene County	Great trail! Looking forward to lots of great rides.
Greene County	Great trail. Enjoy it every chance we get.
Greene County	Great trail. Did encounter few roots.
Greene County	Great trails with terrific maintenance. One of several factors I chose to live where I did.
Greene County	Great trails; best in Ohio; Need more bathrooms
Greene County	Great, beautiful trail. Thank you! Love the benches, too.
Greene County	Green Chev. S10 with license #GFA8543 harassed us. Andrew & Kevin at the booth on 2017/09/17 at 7:10 p.m. helped us out and calmed a crazy person down. Thanks a ton!!!
Greene County	I am happy with the trails. I only wish there were more miles.
Greene County	I do endurance horseback riding and would love to utilize trails for this training/conditioning as well as a leisure ride. If this is available I would love to know where. Please e-mail tponder2.tp@gmail.com
Greene County	I enjoy the trail but I wish I could have swam in the creek.
Greene County	I like nature and nature valley I think what matter the most is the compensation where the trail leads. If I can like run or jog the trails, I probably use a mountain bike to cross the trails to other places etc
Greene County	I like the trail. I use all the Greene County trails all the way to Dayton Mall and Jamestown.
Greene County	I live close to the trail and go by bike to it.
Greene County	I love the bike trail!!!
Greene County	I love the Ohio trails.
Greene County	I love the trail network

Greene County	I love the trail, I have been an avid user for over 15 years. I think it would be great to have restaurants/food vendors close to the trail. I also think it would be great to have vending close to the trail of bike related items - in Colorado, you can purchase replacement tubes for tires and other items near or their trails.
Greene County	I love the trails. It has boosted tourism. I mostly love to see people being active. The trails are extremely valuable.
Greene County	I love the trails. My preference is to go off the trail into the paths next to them through the woods and fields. Grateful for the restrooms!
Greene County	I love these bike trails! Part of the reason we live in Xenia.
Greene County	I really love the trails here in the Beavercreek area and hope we can continue to enjoy them for many years to come! :) They have enhanced my quality of life as someone who has suffered from chronic Lyme Disease. I really enjoy getting out on these trails and it lifts my spirit a lot. -Victoria (age 23)
Greene County	I ride all over Ohio and Kentucky. We have the rest trails period! Great job and thank you.
Greene County	I would like to see more volunteer groups along the trail like Beavercreek Wetland Association. Make it a little easier to do the (unreadable) that Beavercreek Wetland Association.
Greene County	Include dogs and cleanup of dogs on your survey.
Greene County	I'd like to see better marking of trail mileage. Most of the mile markers are faded.
Greene County	It would be nice if smoking could be limited or discouraged. Thank you.
Greene County	Jamestown Trail is not as well maintained (sticks) as others. Would appreciate more info on trail closings. I am signed up for texts but have not received any. Communication on closings is poor. BUT I love the Trails, use them 5 to 6 times a week. One of the major reasons for moving back to Dayton. Thank you!
Greene County	Keep up the good work
Greene County	Keep up the good work!
Greene County	Keep up the trails
Greene County	Kudos to Metroparks! Best trail system in the nation right here in the Dayton area!!
Greene County	Longboarding Cedarville to Ritter's Frozen Custard today. Love the paving on these trails. Thanks.
Greene County	Look at Loveland as an example of how to optimize proximity to the bike trail.
Greene County	Love it!
Greene County	Love the bike trail.
Greene County	Love the bike trails!!
Greene County	Love the extensive mileage
Greene County	Love the path! Do 4 miles a day!
Greene County	love the trail
Greene County	Love the trail! We are empty nesters now. But the trail has always been part of the family culture. When the kids lived at home -- biking & running. When we are together now as well as with extended family, subject to the season, we still hit this trail together.
Greene County	Love the trail! Wish the mile markers were more visible of accurate.
Greene County	Love the trails
Greene County	Love the trails -- it's part of why we moved to Xenia, and it would take a lot for us to leave.
Greene County	Love the trails !!!
Greene County	Love the trails!
Greene County	Love the trails! Thank you for keeping them well-maintained!
Greene County	Love the trails, wish they could connect for longer rides. I do 50+ mile rides.
Greene County	Love the trails. Please continue to fund them!
Greene County	Love the trails. They are lovely!
Greene County	Love the trail. Want to see the Little Miami Trail connected to Lunken Trail in Cincinnati
Greene County	Love trails
Greene County	Love using the trail system, hope it will be completely connected to Columbus soon.
Greene County	Love using the trails. Thank you Greene County!
Greene County	Loved the trail. Always come at least once or twice a year. You need more hotels in area.
Greene County	May want to include annual based questions in regards to \$\$ spent and other ancillary activities along the trail.
Greene County	Met 2 awesome girls.
Greene County	Might try to avoid resurfacing trails just before the Air Force Marathon -- many folks train in Aug/Sept.
Greene County	more accurate and permanent mileage markers.
Greene County	More low stress connections from neighborhoods to trails. More signs on roads near trails directing people to access points. Safety features at high volume roads that cross trails (Flashing Beacons, road markings). These trails are the signature recreational asset of the Region - promote, promote, promote. Bob S.
Greene County	More signage needed on Jamestown trail
Greene County	More water fountains
Greene County	More water fountains would be nice :)
Greene County	Morris Bean is in fact a foundry...caustic fumes. New water treatment plant was an issue previously; calmed down lately, still not finished. Spray paint (water valve locator still not blackened... inaccurate official sprayings... N v. S near Y.S. No mileage on official sprayings - incomplete. Frequency is more than 1 or 1/2 mile(s). Multiple tire marks on trail between Jacoby and Yellow Springs. too frequent mowing; even this week.....
Greene County	Moved here from Iowa for the trails in July 2017!!!
Greene County	My gf and I enjoy the path very much
Greene County	My partner had a wreck 7 mile south of station. Root bump
Greene County	My running group loves the bike trail! We are so grateful for the trail!
Greene County	Need a path cleared in winter snow/ice removal
Greene County	Nice Trails !
Greene County	Nicely done !
Greene County	Not that I am aware, but thanks for asking. Namaste!
Greene County	On a Florida trail that I ride in the winter, they mark off a pedestrian lane on one side of the trail. This would be a significant safety improvement here. It is difficult to get some walkers attention because of earbuds.
Greene County	On the southern part of the Little Miami Trail, I believe that there is an effort to provide at least a portable toilet every several miles, and I think that this would be a good idea on the northern part also.
Greene County	On the websites - I checked a few I could not find mileage between stops. If this was on any of the webpages it would be useful. I used Google maps for this.
Greene County	Only reason to live in Ohio. No other trail system in the world even comes close.
Greene County	Pedestrian signals in Xenia where the Little Miami trail crosses U.S. 35 would make the trail much more friendly to cyclists and pedestrians trying to cross the highway.

Greene County	People have been very friendly.
Greene County	Plant fruit trees, berry bushes, food plants along bike path. Pear, cherry, fruit trees easy to maintain, PawPaw trees near rivers and streams. Thank you for allowing Memorial benches. Also allow more benches for resting. THANK YOU. Healthy Energy Bars, electrolite drinks, hot showers for bikers.
Greene County	Please add a short trail under the Stewart St. Bridge near Carillon Park. The Trotwood-Wolf Creek trail should be extended to Olive Rd as well (if it hasn't been yet)
Greene County	Please keep up the great work. Thanks to Roger
Greene County	Please make a path to Clifton Mill from Yellow Springs.
Greene County	Please no headphones!!!! Can't hear you coming.
Greene County	Primary residence is Florida; decided to live here part time due to network of bike trails and cooler climate.
Greene County	Really enjoy this network of trails and appreciate all you do to keep it going and improve, it. Look forward to one day being able to ride Ohio to Erie trail in a multi-day trip. Thank you for what you provide!
Greene County	Riding with my husband usually after work. He is 61 years old.
Greene County	Scout leader for a troop out of Louisville. The trail is great and safe journey to make as a yearly outing.
Greene County	Signs re: rules are misleading Stated rules clearly apply to cyclist but the "keep right" rules is followed by walkers. Both awkward and dangerous. Should be Cyclist -Yield to all other users -Next -Etc
Greene County	Small parking areas near the trail access points outside of towns would be very helpful and more encouraging to locals for use. Less of a drive to find close parking would be very nice.
Greene County	Small signs to help trail users find food and other necessities. Getting more connections into neighborhoods meaning more access points.
Greene County	Some bad bridges
Greene County	Some trash between Xenia and Evans Spur. Paving is great! Longboarding with a bike grap from W to Ritter's. Thanks for the snacks!
Greene County	Sometimes the Green County Mowers make me nervous. A few yrs ago one turned suddenly on to the trail in front of me. I swerved to avoid collision. Today I saw one with no rearview mirror at Kilkare.
Greene County	Suggestions: volunteer clean-up of trail in spring; at stations, outlet to recharge electric bikes.
Greene County	Thank tut for this survey and what you do!
Greene County	Thank you for maintaining our Creekside Trail :)
Greene County	Thank you for maintaining these lovely trails! What a blessing to have something so nice so close to my work and home.
Greene County	Thank you for providing such a unique benefit to those that live in Greene County and surrounding areas. I have enjoyed the bike paths for the past four years and will continue to do so until the day I die. I was 10 years old when I first rode from Xenia to Yellow Springs and back. Back then everyone waved to each other, but today it is hard pressed to get that kind of reaction out of those that use the trails. A cool thing would be to have a tv with the weather channel on it at the stations, I think it would be beneficial to those that are riding during incimate weather.
Greene County	Thanks
Greene County	Thanks Really enjoy the trail
Greene County	Thanks :)
Greene County	Thanks for checking.
Greene County	Thanks for the trails.
Greene County	Thanks you for providing us with immaculate trails. Thank you!
Greene County	Thanks <3 Trails
Greene County	Thanks!
Greene County	The bike racks at the Yellow Springs station are terrible. They should be replaced ASAP! I really like the trail. I ride about 200 miles/year (12 months) on the trail.
Greene County	The bike trail is the most important part of this area to me.
Greene County	The bike trail makes it really nice to travel on a bike and not have to worry about too much traffic.
Greene County	The mile markers dropped off.
Greene County	The path to the bowling alley on N. Fairfield is a DEATH TRAP when you try to turn right at the bowling alley.
Greene County	The survey is not targeting residents. For example, I made the decision to move to Yellow Springs because it's a trail town. I wanted to be within 2 blocks of the trail and finally found property in that proximity and paid a premium for it.
Greene County	The trail is a wonderful resource and positive for the health of the communities it serves. Please continue to educate people on trail etiquette and find a way to sweep it more at criticcal times of the year.
Greene County	The trail is one of the best things we have in our area. I am thrilled that we have such an amenity and it's great to see so many people use it in a variety of ways. The Parks and Recreation dept do a great job of keeping it in great shape
Greene County	The trail system gets me exercising more often and longer than I otherwise would exercise. Additionally, it is one of the few safe places I have been able to bike with my young children (ages 5 and 7 years old)
Greene County	The trail system is a primary reason we moved back to Dayton area in 2007. I am an avid cyclist and use the system in mostly Greene but also Montgomery County. Thank you for your labors in keeping this system up and improving it!
Greene County	The trail system is one of the best things this region has going and having this data will enable us to leverage that value for funding and attraction.
Greene County	The trails are an excellent resource.
Greene County	The trails are great and one of the attractions of the region.
Greene County	This bike trail is a true community treasure!
Greene County	This trail is well maintained and a great opportunity for me and my family to get out more
Greene County	Trail in Jamestown not maintained well (brush). Trail in South Charleston not maintained well (brush).
Greene County	Trail is excellent and safe.
Greene County	Trail is generally clean and nice. It is great that it connects so many communities. Thanks!

Greene County	Trail is very clean and well-maintained. Only wish there were less root-caused bumps on the trail.
Greene County	Typically use the trails with family. Great chance to spend time with kids outdoors. and away from computers. Really enjoy the extensiveness of the trail. It is great regional asset to the health and viability of the surrounding communities and family businesses.
Greene County	visiting my daughter. We always walk the trail !
Greene County	We are grateful for the trails
Greene County	We feel safe but we do not see any safety features per se. We enjoy the trail but with bikers it becomes fairly congested on the weekends. Thank you very much for the trail!
Greene County	We love coming to the bike trail. It is an every weekend thing for us: my daughter, her children ages 14, 12, 11. We love the bike trail and being outdoors.
Greene County	We love the trail and would love to see more in the U.S.
Greene County	We love using the trail !! It is a great location for running, walking, hanging out with friends and seeing some wildlife. I run a lot and I always make this trail one of my top choices! Thank you !! :)
Greene County	We take different trails in Ohio during the year. Have never been disappointed. All the trails are nice and well maintained. Especially like the "Rails to Trails" section. Thank you for your work.
Greene County	We've stayed at Arthur Morgan house before to ride the trail.
Greene County	Wish there was safe access to WPAFB, Area B by Hardees. Wish there was a trail Xenia to Wilmington
Greene County	Wonderful trail
Greene County	Wonderful trail options - can go 4 ways depending on wind direction Trails are very well maintained and have some great scenery and endpoints
Greene County	Wonderful trail. A happy place to visit.
Greene County	Would appreciate porta potties and water fountain at more rest points
Greene County	Would like signs for the bridges and overpasses, so you know where you are on the trail and what's around you. It would help if you broke down and needed to call for help. And it would help to look up what's close by if you want to go to a restaurant or something along the trail.
Greene County	Would love to see easy stops along bike paths to get a healthy snack, lunch or drink and restrooms and emergency phones.
Greene County	Xenia is a wonderful place to park/start.
Greene County	You guys do a great job. People do not know how lucky we are to have a trail system like we do.
Greene County	You have a marvelous trail system in the Miami Valley. Much better than anything in Indiana. I will return to ride more segments. My daughter, who lives in Columbus OH and often rides trails in this area first informed me of them. I then did some research on TrailLink. But the real prize is the "Miami Valley Ohio Bikeways Guide Map," a copy of which I got at Xenia Station. This is a first class map for my purposes (much better than the TrailLink maps because you can see the connections between the trails). I have already begun identifying additional trail segments that I might find interesting. The only suggestion I have is to add elevations (feet above sea level) to the station points on the map so we get some idea of the overall elevation changes along the route. Yesterday (9-20-17) I rode from Xenia to Yellow Springs and return, stopping in Yellow Springs for a nice lunch at the Winds Cafe. The trail was wonderful and so was the food. This is my style of riding. Good exercise, good scenery, and interesting places to eat. Xenia is close enough to where I live that I can ride your trails as a day trip although I have begun to think about an overnight stay - that is a possibility in the future. I was very impressed with the condition of the asphalt pavement of the trail - no cracks, potholes, etc. I was also impressed with the facilities (stations) at both locations. I was particularly impressed with the historical photos of the Xenia Station (showing the original railroads) inside the building.
Greene County	Your trail is awesome and easy to access from Ft. Wayne, Indiana. You should advertise there.
Kingsport, TN	Need more hotels in Xenia and shops to buy bike themed t-shirts and gifts, souvineers.
Miami County	200 miles per week. 3,027 miles this year.
Miami County	A few trash cans along the trail would be helpful
Miami County	Absolutely love walking the trails, but wish there were maps and markings on the trail designating 1/2 mile. The markings I do see don't indicate where the starting point is.
Miami County	Additional restrooms or port-a-johns and trash cans along the river area
Miami County	Extensive travel in the U.S., this is BY FAR the best trail network.
Miami County	Few more port-o-johns
Miami County	great trail - historic
Miami County	Have always liked Piqua's bike path. It should maintained in good condition
Miami County	Hire a full time litter control officer.
Miami County	Hoping the east/west routes out of Piqua happen in the future. This would be great for our area.
Miami County	I love the trail system and feel very fortunate to have this in my community/region.
Miami County	I love using the trails daily
Miami County	I very much appreciate having some of the best bike trails in the nation.
Miami County	Improved signage is needed in Miami County where there are choices in which way to turn. Montgomery County is definitely better.
Miami County	In Troy, i would like to see a restaurant or brewery connected to the trail so we can ride to a "destination" meal or beer. Additionally I think visibility/lights need to be added along paths in Troy
Miami County	Love the trails
Miami County	Most of my riding is in Greene, Montgomery and the associated Dayton trails. I will load the bike and travel to Columbus, Cincinnati, and points in between to ride, As long as the weather is nice enough, I will often ride from work to home ...Piqua to Xenia
Miami County	My friends and I prefer walking on the bike paths, rather than on city streets. In Miami County the bike path is fabulous!! I only wish that more of the trees were identified along the path. We always enjoy seeing when the occasional tree has a tag identifying the species.
Miami County	Need to blend the bumps from side walks or cement bridges to the paved path. The bigger sharp ledges causes flat tires. Clear the trees and brush for a line of sight around corners. Add signs to ride single file when experiencing on coming bike traffic.
Miami County	Overall, the local trails are phenomenal and truly a blessing. My wife and I, plus many friends, love to ride our bikes on the many miles of trails in the Miami Valley, not just in the Troy/Tipp area. Additional water fountains (like already by the tool station in Tipp) would be nice. Long term, it would be very nice if the trail would be a loop and not just a straight line path. For example, we ride from Tipp to Dayton Riverscape on a regular basis. Currently, it is down and back. It would be nice if you could ride from Tipp to Riverscape and then take another trail back to Tipp. It would be great if there were more connectors to neighborhoods so you don't have to drive to

	the trail.
Miami County	Please plow the trails in the winter
Miami County	Providing additional side/feeder trails from neighborhoods or attractions to the trail would be huge. Additional water fountains would be great as well.
Miami County	TELL PIQUA TO FIX THE SURFACE PROBLEMS WITH THEIR TRAILS!
Miami County	We also ride roads
Miami County	We have a wonderful system of trails with the organization and support from local individuals and commissions. The trails will continue to be utilized by our citizens and future generations. We have the longest system of connected trails in the nation, due to the efforts of many, for the benefit of all.
Miami County	We love kayaking on the lake behind the old Piqua water plant. An easier place to put in our kayaks there at the lake would be wonderful!
Miami County	We love the bike trails!!
Miami County	We love the trail. I am a USAF veteran and was at Wright-Patt in the 70's. Love the Dayton area. So vibrant and alive and we believe the bike trails are a big part of that. We live near Toledo, Ohio and Toledo's leaders could sure learn for y'all about planning and implementing trails and recreational opportunities. We come down every chance we get. Thanks for all you do!
Miami County	We love the trails. We are from Darke County and live within 1/2 mile of the trail. We drove to Miami County to use the trails because Darke County does not have any continuous trail over two miles along without getting on the road.
Miami County	Would like an occasional map along the trail
Montgomery County	A biking enthusiast friend travels back to Dayton annually to visit friends, family and ride the trail.
Montgomery County	A safe bike trail from Forest Ridge to Huffman Dam is necessary A safe bike route from Stebbins High School to Eastwood Park is necessary and important - the intersection of Ohio 4 and Harshman is dangerous Harris Bartine 937-236-0841 hvbartine@yahoo.com
Montgomery County	Again, keep up the great work. Miami Valley Trails and Metro Parks will always be supported by me in any way that I can.
Montgomery County	Answer to question 16-A was "a lot."
Montgomery County	Awesome place to walk
Montgomery County	Batman gives his seal approval.
Montgomery County	Beats trails in St. Paul and Washington, D.C.
Montgomery County	Better restrooms would make the trail more enjoyable. For example, as a working mom I run between 5 am-6am. The Miamisburg restrooms at Linden do not open until after early users like myself have completed our usage. no restroom. Also the trail is very dark - no lights.
Montgomery County	Bike repair stations
Montgomery County	Bikers - sometimes come too close and too fast - within inches. Been hit once
Montgomery County	Build bridge to Centerville :)
Montgomery County	Car wash in Miamisburg pollutes river with soap runoff. Every rain is washes out of storm sewer into the river and makes bathtub bubbles at Low Dam south of Miamisburg. Unsightly and illegal to pollute rive. Please check this out.
Montgomery County	Certain portions of the trail, specifically near Linden Ave, could benefit from more trash cans.
Montgomery County	complete Iron Horse trail in Kettering, think more commuting, more destinations
Montgomery County	Continue developing off road bike trails. Encourage crossing 675 w/Iron Horse to Centerville
Montgomery County	continue to expand the trails
Montgomery County	Cycling = better [public health and enjoyment. Let cyclists rule the roads !
Montgomery County	Different parts of the trail were better maintained than others. Generally, the Dayton area has a great [???] of trails.
Montgomery County	Expand Iron Horse over 675
Montgomery County	First time on trail near river. Often visit trails in MetroParks all over area, very much enjoy them.
Montgomery County	Five Rivers Metroparks ROCK!
Montgomery County	From Eastwood Metro park down to riverscape, there's only 1 trash can. It would help with litter and picking up after pets if there were at least a couple of trash cans.
Montgomery County	Good job
Montgomery County	Good job!
Montgomery County	Great community resource!
Montgomery County	Great fun !
Montgomery County	Great trail system
Montgomery County	Great trail system
Montgomery County	Great trail Would like a loop trail
Montgomery County	Great Trails
Montgomery County	Great trails - great rides- great people
Montgomery County	I am just back into biking from injury/surgery and I am impressed with the upkeep compared to years ago when I rode. The painted info near Xenia (maintenance # and emergency info) is GREAT! the added bathrooms are perfect too! I am looking forward to visiting businesses on the trails. Currently training for the Tour de Donut (Sept 16), but would love to see biking events on the trails - there are tons of running events around, but few bike ones.
Montgomery County	I appreciate everything your organization does to provide the trails we have in this area I feel fortunate to live here
Montgomery County	I do not feel safe riding through Triangle Park and Island Park, although it is such a beautiful ride. More crossing lights for bikes like in Oregon - Press button to alert motorists of bike crossing.
Montgomery County	I generally drive to access point on trail, either Rip Rap/Fishburn or Taylorsville, park car then commute to Tipp City. Trail is awesome, but there are signs saying trail closed. But I have lights & no troubles. Today rode from Oakwood to Momba - love the bike trails 100%!!
Montgomery County	I love living close to the trails. I have no excuse to say no to exercise and adventure. Too corny? Yeah, I thought

	so; regardless, I utilize the trails a lot and am grateful they exist.
Montgomery County	I love the bike path! Great way to stay active and be safe. Thanks for having the survey! (smiley face)
Montgomery County	I love the trails - they are one of the primary reasons I like living here. As a cycling enthusiast, I could not imagine living here if the trail network was not here. It is the #1 "quality of life" amenity in the Dayton area for me
Montgomery County	I love this trail and some of the others I walk/ride. I see so many people on it. Between 4:30 and 7:30 that I consider it well used. The only thing I ever wish is that more security was present in the 4:30 to 7:30 timeframe. I used to see Vandalia & Park police in past years but not once in this year. I have used this trail for about 10 years now. Thank you for keeping it up.
Montgomery County	I think the bike trail is a great perk/draw for our city
Montgomery County	I used to live here but have moved out of state. When I came back to visit family, I try to visit a trail at least once.
Montgomery County	I would like to see the trail completed from Englewood to Dayton and I would like more opportunities for camping along the trail
Montgomery County	I would love to see a few more porta john's at various locations along the trail. Water fountains would be very nice too, but I understand the cost associated with both of these items!
Montgomery County	I'd love to come back and try your surf wave.
Montgomery County	Inconsiderate walkers
Montgomery County	Instruction to walkers and bikers to use the proper side of path.
Montgomery County	Is there a way to keep people from parking on the newer trail along Medlar Road. People are parking on the trail near the ball diamond along Medlar at Miamisburg Springboro Road. Could no parking signs be added to inform the offenders not to park on the trail. Miamisburg Police will also need to ticket those who don't comply.
Montgomery County	It would be good to know more about towns with food/beverages (like Tipp signs) also on the website with good options for groups family easy trails, flat & fast, scenic, shady, etc. More options on camping? How do I do that? MVRPC rides? Also connect Wolf Creek through Trotwood & from Verona to Greenville - it would be a great loop to have for many people.
Montgomery County	It would be neat to see mile markers to keep track of how far you have gone.
Montgomery County	It would be nice if the path was plowed in the winter
Montgomery County	It would be nice to have lights on the trails if possible.
Montgomery County	It would be nice to see Centerville, Kettering and other trails connected.
Montgomery County	I've been riding these trails for over 15 years and love that they keep getting better and better. Also, I enjoy many of the trails all over Montgomery and Greene counties. THANK YOU!
Montgomery County	Just started a few months ago and has been terrific !
Montgomery County	Keep all sections of trails clean please; parts can vary greatly. Thanks!
Montgomery County	Keep connecting
Montgomery County	Keep extending and connecting trails. Keep up the good work.
Montgomery County	Keep it up !! Add more trails !!
Montgomery County	Keep trail cleaned off during winter months as trail is used all year round. Mark trail with half mile markings.
Montgomery County	Keep up the good work! Great trails! I'm blessed to live in the area and use the trails often!
Montgomery County	Keep up the trails!
Montgomery County	Like the trail and bikeway. Send me info: bruchs@sbcglobal.net
Montgomery County	Like to see the Wolf Creek trail maintained in better fashion. The creek is routinely clogged with debris/trash/downed trees. Actual connection with Trotwood trail/ Darke Co. would be great. Otherwise, keep up the good work. This trail system is a great asset to the entire Miami Valley (and beyond).
Montgomery County	Love % Rivers MetroParks!! Dayton is the best!!
Montgomery County	Love all the walking trails here in Miamisburg! Please keep them open
Montgomery County	Love getting out to ride.
Montgomery County	Love having clean accessible trails.
Montgomery County	Love it!
Montgomery County	Love it. We love so much that we invite out of town guests
Montgomery County	Love Miamisburg and the parks !
Montgomery County	Love the bike trails !
Montgomery County	Love the reworked/repaved trail work from Miamisburg to Crain's Run
Montgomery County	Love the trail ! Thank you for keeping it clean and maintained. (smiley face)
Montgomery County	Love the trail and the park !
Montgomery County	Love the trails
Montgomery County	Love the trails, they're great. Like to get off the roads for cycling.
Montgomery County	Love the trails. Need mike markers and trail managing agency identified on the trails at length. Thanks
Montgomery County	Love trail. Suggest more lane dividers at blind corners low spot north of Peterson Rd.
Montgomery County	Maintenance is good but parts of the trail need to be resurfaced. Overall, Montgomery County does a better job at maintaining the trail with the exception of downtown Dayton area. I don't go there because I don't feel safe as a lone rider. Will only ride there in a group.
Montgomery County	Me and my family really enjoy the trail it's a beautiful trail great sight to see.
Montgomery County	Metro parks is doing a very good job! Keep up the good work!
Montgomery County	MetroParks ROCKS !!! Great parks - great trails.
Montgomery County	More Cooler weather water stops, trail plowing in snow events. Trail to cross 675 at Iron Horse. Thank you
Montgomery County	More dirt trails for trailrunners would be great!
Montgomery County	More micro breweries on the trail like Traverse City, MI
Montgomery County	need coffee/café on new trail downtown
Montgomery County	Need more camping for bike touring.
Montgomery County	Need to expand parking at taylorville damn. Also have drinking water and permanent restroom. It is a very popular place.
Montgomery County	Nice to have access to this.
Montgomery County	None
Montgomery County	One of the best things about Dayton! Keep up the good work !
Montgomery County	Our trails are a godsend
Montgomery County	Permanent toilet instead of port o pot, Like the restroom across the river from North Parking lot at Taylorville Dam
Montgomery County	Pleased to see improvements on trails
Montgomery County	Plow in winter
Montgomery County	put in concrete at the DeWeese Drill entrance

Montgomery County	Put up signs that say Stay To The Right
Montgomery County	Really great paths, much enjoyed. Drove from Maryland spent 5 days enjoying the trails
Montgomery County	Really happy, enjoy, can bike to Celtic and Germanfest and appreciate that, connected to festivals on trail. Like connections, lucky to have this - don't mow as much to help control geese. Love Bike to Work Day pancake breakfast. Trail brings people together.
Montgomery County	Remove Taz Block by VFW
Montgomery County	Riding with MetroParks Bike for the health of it and the National Park Service Bike rides. Would like more guardrails on sides of steep drop-offs next to trails.
Montgomery County	Sick trail!!
Montgomery County	Signs for local restaurants and more restaurants
Montgomery County	Single track only for mountain bikes would be awesome addition to this location. Thank you
Montgomery County	Sometimes unaware of cyclist. They don't always let you know that they are coming up behind you or passing, sometimes a safety hazard.
Montgomery County	Sweep bikeway
Montgomery County	THANK YOU FOR THE AWESOME BIKE TRAILS!
Montgomery County	Thank you for the wonderful trails! We are spoiled! If you want to add water fountains I'm a few more spots we won't mind!
Montgomery County	Thank you SO much!
Montgomery County	Thank you, I love our parks! Sycamore driving entrance to horse trails has a big dip, some trailers scrape the bottom of the hitch when we leave and enter.
Montgomery County	thanks
Montgomery County	Thanks for all you do!
Montgomery County	Thanks for having such an extensive trail system. We love using them.
Montgomery County	Thanks for this wonderful facility
Montgomery County	Thanks to the two dudes who gave me an granola bar in Xenia Station - I needed that for the ride back to Dayton!
Montgomery County	The bike path is amazing!
Montgomery County	The trail .8 mile south of Erie Canal Park needs patching. The patches north of the Erie Park look better than they are. OK for now, but will need replacement.
Montgomery County	This is a great resource!
Montgomery County	Towards Franklin people attacked, knocked over. Never go south past Rice field.
Montgomery County	Trail between Airway Road and Burkhart need repairs for parts that have sunk. Other than that everything is good. Would like more trails connecting more cities. They are a great asset to the communities.
Montgomery County	Trail system is best I have encountered and continues to improve. I look forward to completion of southern cross connections and Ohio Indiana Trail from Urbana to western border.
Montgomery County	Very happy and proud of our trail system
Montgomery County	Very pleasant, relaxing. Beautiful flowers.
Montgomery County	Way-finding signs in Kettering and Centerville are excellent.
Montgomery County	We appreciate the paths!!
Montgomery County	We do the trails with our children ages 2 and 4 years
Montgomery County	We greatly appreciate our bike paths/trails. We moved to our home because we would be close to them and when our kids were younger it was a recreation we could all do together.
Montgomery County	We Love Riding on the Trails
Montgomery County	We love the area and new community!
Montgomery County	We love the bike trail and are so glad they just keep making it better.
Montgomery County	We must upgrade our trails. Some trails are so eroded and muddy they are almost impossible to hike. Twincreek the worst.
Montgomery County	We use the trails year round for cycling.
Montgomery County	While I did not make any purchases on my "most recent" trip to the trails, we are frequent patrons of most of the new restaurants close to Riverscape and love the recent developments! Suggest changing that question to capture purchases made in conjunction with trail use "in the past month" or something similar.
Montgomery County	Wonderful Park
Montgomery County	Wonderful trail, was coming from West Chester to ride on this trail. The biggest attraction to me is the minimal streets you have to cross on the trail.
Montgomery County	Would be nice if you could plow during the winter. I switch to the Miami County part of the path now (they do plow)
Montgomery County	Would like to see a set of steps leading down to the river bank. Great for fisherman and those who want a closer look. Concerned about graffiti under Bell Bridge, really offensive right now. Love way wall on North Miami park area has been done, would love to see more.
Montgomery County	Would like to see more bathroom facilities. Only barrier to using trails are detours where bridges are being built. That is only temporary fortunately
Montgomery County	Would like to see off road access to Taylorsville trail from Vandalia
Montgomery County	Would love a bridge over 675 in Centerville
online at home in KY. 42715	I hope the Jamestown trail will someday be completed all the way from Xenia to Chillicothe. Thank you for the trails. I love riding them!!!
Warren County	Keep up the good work on maintaining the trails. Makes for an enjoyable day.
Warren County	Love the water fountain. Trees along trail beautiful in the fall.
Warren County	Mile marking, including tenths
Warren County	Mile marking, including tenths
Warren County	Mr frosty's should stay open all year
Warren County	The trail is beautiful & close to home. It was only our third time on the trail, but we plan on using it as much as possible. The options are endless since there are so many places to access the trail.
Warren County	we use the trail for an annual family bike trip where we stay in hotels and eat at restaurants along the trail (primarily Yellow Springs and Xenia) for a long weekend. We love the trail!
Warren County	Wonderful
	It would be nice to see the sidney area connected to miami valley trail system
	Loved riding trails

18. Did your visit to the trail involve an overnight stay in one of the following types of accommodations? (Circle one response)

Motel/Hotel _____
 Bed and Breakfast _____
 Friend or Relatives Home _____
 Campground _____
 Other (please specify) _____

18-A. How many nights did you stay in conjunction with your visit to this trail? _____

18-B. Approximately how much did you spend on over night accommodations per night? \$ _____

18-C. At which Hotel/B&B/Camp did you stay? _____

19. Please identify your age group. (Circle 1)

15 and under _____
 16 to 25 _____
 26-35 _____
 36-45 _____
 46-55 _____
 66 or older _____

20. Were any children under the age of 15 with you on your trail experience today?
 Yes _____ No _____

21. What is your gender? (Circle 1 response)

Male _____
 Female _____
 Other _____
 Decline to answer _____

22. What is your HOUSEHOLD income? (Circle 1 response)

Less than \$10,000 _____
 \$10,000 to \$15,000 _____
 \$15,000 to \$25,000 _____
 \$25,000 to \$35,000 _____
 \$35,000 to \$50,000 _____
 \$50,000 to \$75,000 _____
 \$75,000 to \$100,000 _____
 \$100,000 to \$150,000 _____
 \$150,000 to \$200,000 _____
 \$200,000 or more _____

23. Please identify your race (Circle 1 response)

White _____
 Black or African American _____
 American Indian / Alaska Native _____
 Asian _____
 Native Hawaiian / other Pacific Islander _____
 Two or more races _____

24. Please identify your race (Circle 1 response)

White _____
 Black or African American _____
 American Indian / Alaska Native _____
 Asian _____
 Native Hawaiian / other Pacific Islander _____
 Two or more races _____

 Dayton, OH 45402-1855

In order to provide you with a high quality recreational experience, we are conducting a survey of trail users. Your cooperation in completing this survey will be greatly appreciated. One user per survey form please!

1. What is your zip code? _____

2. How did you hear about the Miami Valley Trails? (Circle 1 response)

MiamiValleyTrails.org web site _____
 Park District web site _____
 Travel / Tourism web site _____
 Other web site _____
 Radio / TV _____
 Newspaper / Magazine article _____
 Bike Shop _____
 Brochure / Map _____
 Word of mouth _____

3. How did you get to the trail today? (Circle 1 response)

Walk _____
 Bicycle _____
 Automobile _____
 Transit Bus _____

4. Where did you access the trail today?

5. How many people (including you) are in your group out on the trails today? (Circle 1 response)

By myself _____
 2 _____
 3 _____
 4 _____
 5 to 9 _____
 10 or more _____

6. How often, on average, do you use the trail? (Circle 1 response)

Daily _____
 Between 3 and 5 times a week _____
 1 or 2 times a week _____
 Once a week _____
 A couple of times a month _____
 Once a month _____
 A few times a year _____
 First time _____

7. Generally, when do you use the trail? (Circle 1 response)

Weekdays _____
 Weekends _____
 Both _____

8. How much time do you generally spend on the trail each visit? (Circle 1 response)

Less than 30 minutes _____
 30 minutes to 1 hour _____
 1 to 2 hours _____
 More than 2 hours _____

9. What is your primary activity on the trail? (Circle all that apply)

Walking/Hiking _____
 Jogging/Running _____
 Walking pet _____
 XC skiing/Snowshoeing _____
 Biking _____
 Rollerblading _____
 Horseback riding _____
 Other activity (specify) _____

10. If you use the trail for bicycling, do you also bike on streets and roads? Yes _____ No _____

11. Would you consider your use of the trail to be for... (Circle up to 2 responses)

Recreation _____
 Health and Exercise _____
 Commuting _____
 Fitness Training (marathon, triathlon) _____
 Tourism _____
 Other (specify) _____

12. Are you a member of a club/association that uses the trails? Yes _____ No _____
 If yes, name of club: _____

13. In your opinion, the maintenance of the trail is (Circle 1 response)

Excellent _____
 Good _____
 Fair _____
 Poor _____

14. In your opinion, the safety and security along the trail is (Circle 1 response)

Excellent _____
 Good _____
 Fair _____
 Poor _____

15. In your opinion, the cleanliness of the trail is (Circle 1 response)

Excellent _____
 Good _____
 Fair _____
 Poor _____

16. Has your use of the trail influenced your purchase of: (Circle all that apply)

Bike _____
 Bike supplies _____
 Auto accessories _____
 Rollerblades _____
 Footwear _____
 Clothing _____
 Nothing _____

16-A. Approximately how much did you spend on the items above in the past year? \$ _____

17. In conjunction with your most recent trip to the trail, did you purchase any of the following? (Circle all that apply)

Beverages _____
 Candy/Snack foods _____
 Sandwiches _____
 Ice cream _____
 Meals at a restaurant along the trail _____
 Other _____
 None of these _____

17-A. Approximately how much did you spend, per person, on the items above on your most recent visit? \$ _____

Miami Valley Trails - User Survey

Thank you for taking the 2017 Trail User Survey. You will be helping us better understand how the Nation's Largest Paved Trail Network is being enjoyed. It should take about 5 to 7 minutes. Press "Next" to continue.

*** Required**

Where are you taking the survey today?

- Champaign County
- Clark County
- Darke County
- Greene County
- Miami County
- Montgomery County
- Warren County

How do you use the trails?

How did you get to the trail today?

- Transit bus
- Walk
- Automobile
- Bike

Where did you access the trail today?

Your answer

How many people (including you) are in your group out on the trails today?

- By myself
- 2
- 3

User Satisfaction

Tell us how we're doing.

In your opinion, the MAINTENANCE of the trail is...

- Excellent
- Good
- Fair
- Poor

Any comments on MAINTENANCE?

Your answer

In your opinion, your SAFETY and SECURITY along the trail is...

- Excellent
- Good
- Fair

Economic Impact

We hope to measure the positive economic impact of the Miami Valley Trails.

Has your use of the trail influenced your purchase of:

- Footwear
- Rollerblades
- Auto accessories
- Clothing
- Bike supplies
- Nothing
- Bike
- Other:

Approximately how much did you spend on the above items in the past year?

Demographic Information

We'd like to know more about people that are using the trails.

What is your home zip code? *

Your answer

Please identify your age group

- 15 and under
- 16 to 25
- 26 - 35
- 36 - 45
- 46 - 55
- 56 - 65
- 66 or older

Were any children under the age of 15 with you on your trail experience today?

Miami Valley Trails - User Survey

Final Comments

Any amenities you would like to see added to the trail? What do you think about the way finding signage? Do you have ideas for new trails? Any barriers to using the trails more? Any other thoughts?

Please provide any additional comments.

Regional Trail Survey and Count Project Volunteer Guide 2017

The survey and count days are scheduled on different days in different counties, as follows:

County or Agency	Weekend Date	Weekday Date
Centerville-Washington	September 23	
Clark	September 16	September 13
Darke	September 2	September 6
Five Rivers MetroParks	September 9	September 13
Greene	September 16	September 13
Miami	September 9	September 6
Simon Kenton Pathfinders	September 9	
Franklin / MCD	September 16	September 13

The counts will be conducted from 8:00 am until 8:00 pm on both days.

Count locations have been determined by the participating trail agencies.

Count forms, survey forms, clip boards and pencils will be provided by the participating agencies. Volunteers may also be provided a name tag that identifies them as a volunteer for the Survey/Count Day Project.

Volunteers will need to have a watch or a cell phone with the time to complete the trail user counts!

Trail Survey

Online Survey

New this year is a version of the survey that participants can take on their personal “smart” phones. **This is the preferred method to have trail users take the survey.** Paper forms are to be considered a backup.

Trail users should be invited to use their personal phones to access the survey, answer the questions, and submit their comments. The survey can be accessed at the following web address: www.mvrpc.org/trail-user-survey-2017. Cards with this address and a QR code (pictured, next page) directing to the survey page will be provided. For people without a smart phone, or who do not wish to use their phone for the survey, paper forms should be available.

There is only one required question on the online survey: Zip Code. Survey participants should be able to skip any other questions they do not wish to answer.

Paper Survey Form

The paper survey form has the same questions as the online survey on the front and back of a single sheet of legal-sized paper. It has been designed so that it can be mailed in if the survey taker does not wish to stop to complete the survey. The survey taker will need to place a first class stamp on the form to mail it in. The form is pre-addressed to be delivered to the Miami Valley Regional Planning Commission. Again, taking the survey online is the preferred method; paper surveys are a backup.

County Codes

In order to track survey data by county a set of brackets ([]) has been included on the upper right corner of the front page of the paper survey form. A County Code must be placed in this location to allow the data to be tracked back to an individual county. (A question in the online survey handles this issue.) Agencies may insert this code in the form prior to printing copies of the form. The codes are as follows:

CH	Champaign	MI	Miami
CL	Clark	MO	Montgomery
D	Darke	W	Warren
G	Greene		

Health and Safety

To better ensure safety, it is recommended that volunteers work in pairs, rather than alone out on the trails. Volunteers should remember to do the following:

- Stay hydrated and nourished. Bring plenty of water for their shift. Snacks and meals should be brought as well.
- Stay cool. Use sunscreen, wear a hat and make an effort to position themselves in the shade.
- Don't overdo it. Bring a folding chair – there is no need to stay on their feet for the full shift.
- Protect from insects. Use insect repellent.
- Be ready. If you have a cell phone, bring it with you and be sure it is charged.

Questions about the Survey and Count Project may be directed to Matt Lindsay or Kjirsten Hoppe at the Miami Valley Regional Planning Commission.

Matt Lindsay
937-531-6548
mlindsay@mvrpc.org

Kjirsten Frank Hoppe
937-531-6524
kfrank.hoppe@mvrpc.org

Thank you for your participation in the Miami Valley Trail Survey and Count Project!

Trail Count Instructions

The passive trail user counts represent the bulk of the work a volunteer will do during a shift. The goal is to get as complete a count as possible of trail users throughout the count day.

Count procedure

At each count location only one volunteer should be on counting duty at a time, to ensure that no trail users are double-counted. It is expected that trail users going long distances on the trail, particularly bicyclists, will be counted at more than one location, and that is acceptable. The volunteer not counting trail users should be inviting trail users to complete the online survey.

Volunteers are counting trail users, that is to say, counting people. The count form categorizes trail users by how they move along the trail. Here are general guidelines for the categories:

Walk/Run	Tally each person, regardless of age, that passes your location on foot. Children in an infant backpack or being pushed in a stroller by a walker or runner should be counted here as a person under Walk/Run (in addition to the person pushing the stroller).
Dog	This category is used to tally all leashed dogs or pets that pass your survey location. In addition to counting the animals (including service animals), the volunteer should count the person with the animal in the appropriate category. The person walking the dog should be counted in the Walk/Run category. A rollerblader with a leashed dog should be counted in the Skate/Blade category, etc.
ADA	Tally each person, regardless of age, that passes your location using any kind of mobility assistance device to move along the trail. Devices can include wheel chairs, electric scooters, walkers, assistance dogs and canes (for the visually impaired), and the like. Infant and child strollers, crutches for temporary injury and hiking sticks are not counted here.
Bike	Tally each person, regardless of age, that passes your location on a pedal-powered wheeled vehicle. These vehicles may have 2, 3 or more wheels. This is a count of people, not bikes, so tandem riders count as 2 persons. Count kids in trailers or on bike seats as additional persons under this category.
Skate/Blade	Tally each person, regardless of age, that passes your location using roller skates, skate boards or inline skates.
Horseback	Greene County only. Tally each person, regardless of age, that passes your location riding a horse or pony. This is a count of horse riders not horses, so be sure to count all riders. If the horse is being walked by a guide, count that person as a walker.

Note a group of people may have a mix of categories. A common example may be a group with both walkers and persons using mobility assistance devices. Be sure to count each person separately and to use the appropriate categories.

The count form has a new line for each half-hour during the counting day. Volunteers should be mindful of the time and be sure to move to the next line after each hour and half-hour. There is no need to divide groups if the group passes exactly on the hour or half-hour, however.

During busy periods the count form boxes may prove too small. It is suggested that volunteers use small tally marks in case a large number of trail users come by.

Do your best to count trail users in an unobtrusive way. There is no need to stop large groups to get a complete, 100% accurate count.
